

## Science – CPD Programme 2023 – 2024 for Primary and Middle Schools

North Midlands and Black Country Science Learning Partnerships continue to deliver a CPD programme for teachers that covers subject knowledge, pedagogy, curriculum design and health & safety. Each course is led by one of our accredited, subject specialist facilitators and delivered either remotely online across a series of short, live sessions, or face to face. In between online sessions, through structured tasks, you will explore key resources, develop materials to share with colleagues and reflect on your own learning.

To see more detail for each course please click on the course title to access the [STEM learning CPD website](#) where you can make your booking.

Please do get in touch should you have a particular need in your teams as we can provide a range of support.

The current course information detail, costs and dates follow:

## Teachers

Course Code	Title	Sessions	Dates	Price (from)
RC198C95	<p><a href="#">North Midlands &amp; Black Country Primary Remote Network</a></p> <p><i>The start date for this network has now passed, however the first session was recorded so you will not miss out on anything.
